INTRODUCTION

[illegible]

PRODUCTS AND SERVICES FRAMEWORK AGREEMENT

The following is a description of the data set used in the study. The data set is a collection of 1000 images, each of size 28x28 pixels. The images are divided into two classes: 'a' and 'f'. The 'a' class contains 500 images, and the 'f' class contains 500 images. The images are generated using a generative model, and the data set is used for training and testing a neural network.

1. Date

22 Settembre 2023

2. Parties

- (1) The C₂ - a_g ; a_g
- (2) E_g , e_g , Re e a_g , C₂ e_g.

3. Term of the Agreement

A a d e c e c f 22 Se e be 2023 a d e d 31 Dece be 2025.

4. Subject Matter of the Agreement

The contract is for the purchase of the following goods and services to be provided by the Supplier to the Client for the purpose of the Project. The Client shall be responsible for the payment of the contract price to the Supplier.

1) The contract is for the purchase of the following goods and services to be provided by the Supplier to the Client for the purpose of the Project. The Client shall be responsible for the payment of the contract price to the Supplier.

2) The contract is for the purchase of the following goods and services to be provided by the Supplier to the Client for the purpose of the Project. The Client shall be responsible for the payment of the contract price to the Supplier.

5. Pricing Policy

The fee for the services to be provided by the Supplier to the Client for the purpose of the Project shall be determined by the Supplier. The fee shall be based on the cost of the services to be provided by the Supplier to the Client for the purpose of the Project, plus a profit margin. The fee shall be subject to change if the cost of the services to be provided by the Supplier to the Client for the purpose of the Project changes.

The fee for the services to be provided by the Supplier to the Client for the purpose of the Project shall be determined by the Supplier.
